

## Conference Abstract Submission

### General Instructions

Abstracts for Oral and Poster Presentations must be submitted in advance in the format described below. Abstracts will be published for the Conference delegates as a Book of Abstracts.

Authors of submitted papers which are accepted by the Conference Committee will be required to register for the Conference and pay the appropriate registration fee.

Please be sure that you have obtained any necessary permissions from your organization before submitting an Abstract. Academic authors are cautioned against including pre-publication information in Abstracts. All authors should be careful not to disclose information which may be the basis of a patent application.

Delegates at the Conference usually like to obtain copies of speakers' slides; we can make them available to delegates through the Conference website after the Conference. Some speakers prefer not to distribute their slides: if that is your preference, please let us know. A compromise is to allow distribution of an edited version of the presentation.

After the Conference we will prepare and publish widely through social media a slide presentation on the Conference, which will include one slide for each presenter, with their picture ( see the slide presentation for [Sensors in Medicine 2015](#) ). You can prepare your own summary slide, or we can do it for you.

Abstracts should be submitted electronically by email to [info@sensor100.com](mailto:info@sensor100.com)

### Timeline

Oral Abstract submission deadline	See the Conference website
Poster Abstract submission deadline	See the Conference website
Authors notified of acceptance	Two weeks after the Abstract Deadlines
Early registration discount ends	See Conference Registration

Authors are advised to submit Abstracts as soon as possible; please don't wait until the Deadline.

**PLEASE SPELL CHECK YOUR ABSTRACT and SUBMIT IN MICROSOFT WORD FORMAT**

**CLEARLY INDICATE IF YOUR ABSTRACT IS FOR AN ORAL PRESENTATION OR POSTER DISPLAY**

## Abstract Format

Abstracts should be in Microsoft Word format (**NOT** pdf) A4 size

Oral presentation abstracts should be limited to 200 words

Poster presentation abstracts should be limited to 100 words

The font used should be Calibri
