Setting up a Poster in SiM21

Applying to Exhibit Poster

1. Send your name, email address, institution name and title of the poster to:
SiM21@sensor100.com
2. You will be advised by email if your poster has been accepted. Register for the Conference at: https://whova.com/portal/registration/senso_202111/
Note: Fees are waived for full time students registered for a higher degree who submit posters - documentary evidence may be required

Setting up the Poster

1. The Administrator will set up a Booth for you in the Poster Exhibit Hall under your Institution's name.
2. You will be sent a link which allows you to edit your Booth. It will look like:
https://whova.com/xems/engage/exhibitor/senso_202111/151941/?code=xxxxxxxxxx
3. Open the link and add as much information as you wish. Under Company Description you may want to use your poster title, but you will also enter that later.
4. Scroll down to **Handouts** and click on the  button
5. A new window opens - **Upload Document**
6. Add Your Poster **Title**
7. Add a short **Description** of your Poster. This is optional, but recommended
8. Browse to your Poster on your PC/laptop and select it. It must be in pdf format and <10MB, but you can have any size (A0,A1 etc.) or format (Portrait, Landscape)
9. Click on . Your file should automatically upload
10. Check that your Poster has uploaded by opening the web or mobile app, open Exhibitors & Sponsors, scroll to your Booth and click Visit Booth. You should see your Poster.
